ABOUT THE BRAND

Established in the lockdown of 2021, Carb Club was created through a love affair of pottery cafes, boredom and endlessly applying for jobs. After creating the very first Pasta Party leopard print pasta bowl and posting it online, I had a huge response asking me where I bought it. Once I told everyone I made it, everyone was very keen for me to sell them! And from there, Carb Club blossomed!

Why Carb Club I hear you ask, well, I love carbs (including pasta), so I thought why not celebrate them! Diets are so 2000, so let's embrace our food. What better way to do that than eating out of hand-painted pasta bowls, with a twist! What started as a few pasta bowls selling out in just 17 minutes, Carb Club now offers a range of products, including vases, mugs, cereal bowls and coasters! Excitingly, you're now able to add a personalised touch to our custom bowls!

PYOP WORKSHOPS

Why not take part in one of our 'Paint Your Own Pieces' workshops at Carb Club HQ in East London?!

Each ticket is £40 (unless otherwise stated), and will include all the materials you need to paint the bisque of your choice! Not sure what design you want to paint? Pinterest is your best friend! There will also be lots of magazines, tools and shapes on the inspiration table to help you out!

You will have 3 hours to design your own ceramics, painting them with colourful underglaze. They will then be glazed, fired in the kiln, and returned to you within 2-3 weeks! This process will make them brighter, shiny, tougher and dishwasher safe!

PAINT

Draw your design with pencil then bring it to life by painting with our colourful underglaze.

FIRE

Your piece will then be glazed fired, making them brighter, stronger and dishwasher safe.
